Product datasheet for TA504201

PTOP (ACD) Mouse Monoclonal Antibody [Clone ID: OTI1C8]

Product data:

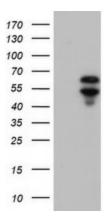

| Product Type: | Primary Antibodies |
|-------------------------------|---|
| Clone Name: | OTI1C8 |
| Applications: | IF, WB |
| Recommend Dilution: | WB 1:2000, IF 1:100 |
| Reactivity: | Human |
| Host: | Mouse |
| lsotype: | lgG2b |
| Clonality: | Monoclonal |
| Immunogen: | Full length human recombinant protein of human ACD(NP_001075955) produced in HEK293T cell. |
| Formulation: | PBS (PH 7.3) containing 1% BSA, 50% glycerol and 0.02% sodium azide. |
| Concentration: | 0.72 mg/ml |
| Purification: | Purified from mouse ascites fluids or tissue culture supernatant by affinity chromatography (protein A/G) |
| Predicted Protein Size: | 57.6 kDa |
| Gene Name: | ACD shelterin complex subunit and telomerase recruitment factor |
| | |
| Database Link: | <u>NP_001075955 Entrez Gene 65057 Human</u> |
| Database Link: Background: | <u>NP 001075955 Entrez Gene 65057 Human</u> This gene encodes a protein that is involved in telomere function. This protein is one of six core proteins in the telosome/shelterin telomeric complex, which functions to maintain telomere length and to protect telomere ends. Through its interaction with other components, this protein plays a key role in the assembly and stabilization of this complex, and it mediates the access of telomerase to the telomere. Multiple transcript variants encoding different isoforms have been found for this gene. This gene, which is also referred to as TPP1, is distinct from the unrelated TPP1 gene on chromosome 11, which encodes tripeptidyl-peptidase I. [provided by RefSeq] |

Product images:

HEK293T cells were transfected with the pCMV6-ENTRY control (Left lane) or pCMV6-ENTRY ACD ([RC204381], Right lane) cDNA for 48 hrs and lysed. Equivalent amounts of cell lysates (5 ug per lane) were separated by SDS-PAGE and immunoblotted with anti-ACD. Positive lysates [LY421183] (100ug) and [LC421183] (20ug) can be purchased separately from OriGene.

Anti-ACD mouse monoclonal antibody (TA504201) immunofluorescent staining of COS7 cells transiently transfected by pCMV6-ENTRY ACD ([RC204381]).
